

# **THINKWARE DASH CAM™**

## **Quick Start Guide**

**ARC<sup>900</sup>**

# Power the Dash Cam

## Use one of the following options

The included cable options vary depending on the dash cam model purchased.

12V Power Cable

Hardwiring Cable\*

OBD-II Cable\*

\*To enable Parking Surveillance mode, the dash cam needs to be powered by either the OBD-II Cable or Hardwiring Cable (professional installation recommended).

# Download the App

## Download the THINKWARE DASH CAM LINK App

On your smartphone, open the Google Play Store or Apple App Store, then download and install **THINKWARE DASH CAM LINK**.

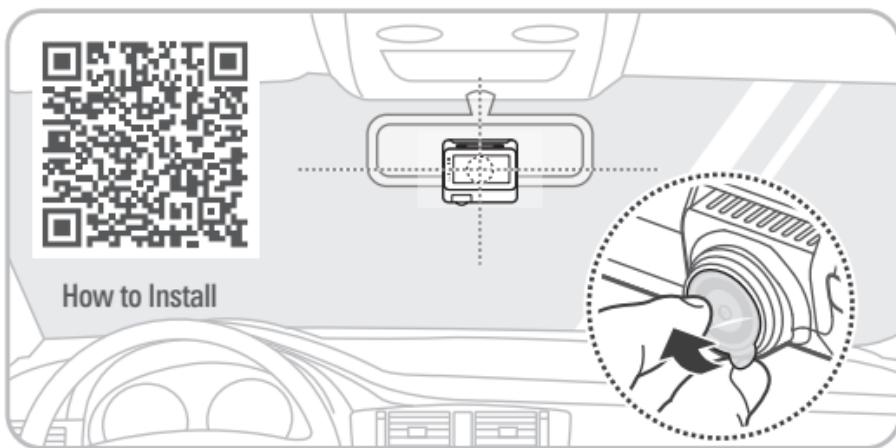

THINKWARE  
DASH CAM LINK

App Download

# Install the Front Camera

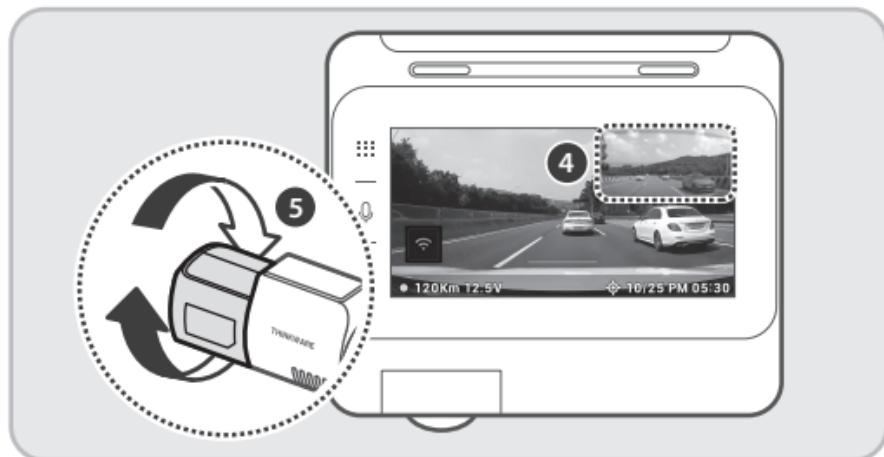

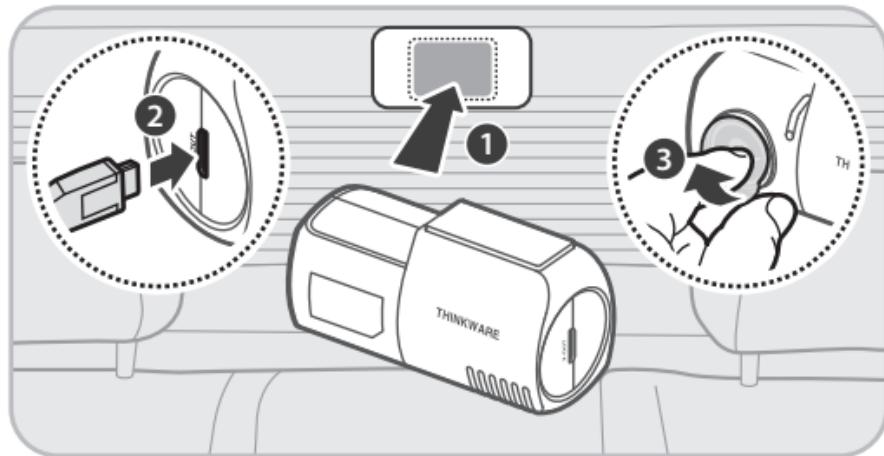

Tap the Home menu (grid) button > **Settings** > **Road Safety Settings**, and then select a **Vehicle Type**. Follow the instructions on the ADAS Front Camera Guide screen to adjust the front camera's angle.

# Install the Rear Camera

Attach the product with the THINKWARE logo facing indoors.

# Connect to the App

Follow the on-screen instructions

1. Run **THINKWARE DASH CAM LINK**.

2. Tap **Dash Cam Registration** and select **ARC900** from the dash cam model list.
3. Press the Wi-Fi  icon on the dash cam you want to connect to, then press the  icon twice. To skip these steps in the future, select **Do not show again**.

4. Scan the QR code and follow the instructions in the app to connect.

5. If connecting via QR code fails, connect manually using Wi-Fi.

Press the the Wi-Fi  icon on the dash cam to check the Wi-Fi network name and password.
